Ἐδωκας σημείωσιν

Reformné neumy ZR sa rytmicky líšia od TU (dlhá melodéma na predposlednej slabike). Nápevy RI zodpovedajú neumom (J005/046) alebo sa rytmicky vracajú ku vzoru TU. Prostopenie nadvázuje na tento rytmický návrat.

// In the reformed ZR the melodema on penultima is long, in contrast to TU. The settings of RI reflect the neumes (J005/046) or return to the original rhythm. This second way is the basis for Prostopinije.

Nápev prostopenia výrazne zjednodušuje melódiu formuly. V kadenčnom motíve sa stráca kadenčný vrchol a zvyšok kadencie dostáva priebežný charakter, hoci na tomto mieste sa ukončuje períoda.

// In Prostopinje the formula was simplified, the cadential top was lost and the rest of the cadence receives a transient character. However, in the text here ends the first period.

V RI je formula ukončená zostupom k tónu G (čítané cez patričnú transpozíciu), čo nemá paralelu ani v gréckych nápevoch a zdá sa, že ani v TU. Nápev prostopenia sa končí o kvintu vyššie. Nie je jasné, či ide o nedoložený vplyv staršej alebo gréckej tradície, alebo je to náhoda.
 // In RI the formula descends to G (reading the notes through transposition). It has no parallel in greek melodies nor in TU (?). The formula in Prostopinije ends a fifth higher. It is not clear if it happened by chance, or it was caused by external greek influences, or an older tradition was preserved here.

Pôvodne dve kóla sa zlúčili v ZR do jedného. V RI následne predposledná slabika spojila nad sebou motívy pôvodne druhej a tretej melodémy od konca. V prostopení nastali ďalšie zjednodušenia.

// Originally two *cola* were joined together in *ZR*. Moreover, in *RI* the melodemata of penultima and antepenultima were joined over the forelast syllable. In *Prostopinije* we observe further simplifications.

V RI sa formula nad prvým kólom (azda pre podobnosť s predošloou formulou) "rozpustila" v prívode druhej formuly. Prostopenie s miernym zjednodušením reflekтуje model RI. U Bokšaya sa formula nahradila znením nasledujúcej formuly, ktorá sa takto vlastne zdvojila.

// In RI was the formula over the first colon (probably due to its similarity with the preceding formula) dissolved in the leading-in motif of the second formula. Prostopinije preserves this model with some minor simplifications. Bokšay replaces the formula with the following one (thus it become doubled).

Pôvodne dve kóla, zachované ešte vo väčšine RI, sa zlúčili pod formulou prvého z nich už v rukopisoch najstaršej suprasl'skej tradície (J005/046) a iným spôsobom ešte v S430/32. Tento posun, z hľadiska nápevu nesprávny, prešiel aj do prostopenia.

// Originally two colas, preserved in most RI, were joined together in J005/046 under the formula of the first one (and also in some different way in S430/32). This shift (incorrect in relation to the whole melodic structure) appears in Prostopinije too.

Prostopenie na toto kolon aplikuje formulu, ktorá po správnosti mala stáť o kolon skôr. Tým sa odkláňa od nápevu RI. Paralelou sú azda neumové rukopisy S430/32. Aj grécke nápevy tu majú koncový tón f.

// Prostopinije applies here the formula, which had to be on the previous colon. This way the melody declines from the model of all RI, but having a parallel (probably) in the neumes of S430/32. The greek settings have a closing note f here too.

2a

A musical score for 'The Star-Spangled Banner' featuring a vocal line and a piano accompaniment. The vocal line consists of a soprano melody with lyrics: 'O say can you see, by the dawn's early light...' The piano accompaniment provides harmonic support with chords and melodic patterns. The score includes a key signature of one sharp, a common time signature, and a treble clef for the vocal part.

2b

The musical notation consists of two staves. The top staff shows a series of eighth-note pairs followed by a single eighth note, with the last pair highlighted in red. The bottom staff shows a series of eighth-note pairs, with the second pair highlighted in red.

2c

Musical notation for the first section of the song 'Белые снеги'. The notation consists of two staves. The top staff uses a soprano C-clef, and the bottom staff uses a bass F-clef. The music includes various note values (eighth and sixteenth notes), rests, and dynamic markings like 'ff' (fortissimo) and 'ff' (fortissimo). A red box highlights a melodic line starting with eighth notes. A yellow box highlights a melodic line starting with sixteenth notes. The lyrics are written below the notes:

и **Бо**_ **к** **е** **сн** **и** **на** **на** **п**^е **ко** **и** **бла**_ **ж**^е **спи**о.
